General Information

I. Grants Policies

1. To award grants *once a year* in the spring, for initiatives for the following academic calendar year which are aligned with and enhance and enrich the curriculum;
2. To encourage and support collaborative efforts among teachers, administrators, parents, and community organizations;
3. To maintain a focus on innovation while linking the grants to system-wide goals;
4. To support major grants that impact a significant number of students;
5. To support grants that demonstrate the potential to impact students, educators, and the community beyond its initial scope for lasting benefit;
6. To support grants which include a feasible plan for establishing a secondary pool of beneficiaries and re-use of materials and equipment purchased within the grant; and
7. To provide feedback to grant applicants through **BEVERLY EDUCATION FOUNDATION's** grants review process.

II. Grants Application Procedures

Applicants are required to submit a 200-word (or less) “**Executive Summary**” for a grant proposal idea. Grant proposals should include the following information:

- a. A brief description of the project;
- b. The ultimate goal and objectives of the project and relevant activities;
- c. Demonstration of how this project is innovative and/or collaborative (does it affect multi-grades/partner with other Beverly schools or organizations);
- d. The estimated number of students involved; and
- e. Project budget (estimate should include costs for equipment, supplies, consumables, books, etc.).
- f. Recommended request range for grant funding is: **\$500-\$1,000.**

Grant applications MUST BE UPLOADED in PDF format & emailed no later than Midnight on Friday, March 16, 2018 to: bevedfoundation@gmail.com. No paper application accepted.

THE BEVERLY EDUCATION FOUNDATION (BEF) will announce the Grant Awards in June 2018 at a Beverly School Committee Meeting. Grant awardees will be notified of their funding in advance and alerted about the school committee meeting date and time.

III. Grant Proposal Considerations

Proposals are encouraged which demonstrate innovation¹, are collaborative², have a potentially broad impact³ upon the school system, include a plan for establishing a secondary pool of beneficiaries and the re-use of materials and equipment purchased within the grant⁴ and support the goals and on-going priorities of the Beverly Public School system.

Equal consideration is given to proposals that are designed for an individual classroom or program. All proposals should promote rigor, provide challenge for all students, and enrich students' academic growth. The replicability of a proposal, whether collaborative or individual, is also considered.

1
Innovation: change, expansion, adaptation, enhancement, improvement, challenge, risk, or a new technique that is supported in the literature.

2
Collaboration: working together in a joint effort. This can be among and/or between schools, departments, classes, disciplines. Any combination of parents, students, faculty, administration, and community groups may collaborate. However, at least one representative from the faculty must be involved in every collaborative proposal. For example:

- Special Education and classroom teachers
- School Improvement Councils and a teacher
- Two or more teachers at different grade levels
- Parents and teachers
- Specialists and classroom teachers
- Students and teachers

3
Broad Impact: proposals that will impact a significant number of students, educators, and the community beyond its initial scope and over an extended time. Proposals are encouraged which support the goal of establishing collegial cross school and cross grade projects or which assist in transitional issues from elementary to middle school, or middle school to high school.

4
Proposals should include a feasible plan for establishing a secondary pool of beneficiaries (for example, a plan to educate other teachers about learning made possible by the purchase; to bring the benefits to other schools, teachers or the broader community; and to lend or share material and equipment purchased within the grant.

IV. Grant Proposal Ideas

The following suggested topics are not meant to preclude other ideas, but are encouraged by the Beverly Public Schools. Proposals are encouraged which address enhanced content, creativity, and excitement across all curricula programs in Beverly Public Schools. BEF will support the innovative and creative ideas of our teachers and parents that enhance teaching and learning in a 21st century global environment.

- 1) **Civics and history** (proposals which generate greater awareness of federal, state, and local government and history providing insight into American life, national identity, and cultural expression).
- 2) **Literacy**, oral and written presentation of research, findings and conclusions at the K-5 level and middle school level (proposals which support reading, writing, and literacy);
- 3) **Professional development for teachers** to improve social and emotional knowledge and awareness of students, to enhance skills, and boost enthusiasm of teaching (proposals which develop new strategies of teaching targeting anxious and reluctant learners and which promote educational leadership, growth, and renewal for teachers and students);
- 4) **Digital literacy and use of technology** to enhance and enrich learning in all grades; Director of Technology must approve the proposal before being submitted;
- 5) **Science, technology, engineering, arts, and mathematics**, particularly in its application to everyday life; and
- 6) **Fluency in required Mass Curriculum Frameworks, Common Core**, and effective study skills at all levels and grades for all students to close the achievement gap.

V. Grant Awards

All funding of Teacher Grant Proposals is subject to availability of funds. **The Beverly Education Foundation** reserves the right to partially fund proposals in some cases should it deem it to be appropriate.

VI. 2018-2019 Grant Submission Deadline and Award Announcements
