December 2019

Dear Supporter of the Beverly Education Foundation,

For the past 22 years, the Beverly Education Foundation has worked with teachers, students, families, and community members like you to enhance and enrich education in our schools. Your support directly impacts the lives of all 4,600 public school students in Beverly and is a contributing factor to the vibrancy and growth of Beverly.

Since inception, the Beverly Education Foundation has been promoting inclusive educational excellence and equal access to educational opportunity. Our aim is to close the achievement gap for our lower income students, bring schools and citizens together to improve public education, to help our schools teach children to strive for excellence, to work hard, and to provide students with the tools to reach their goals and realize their dreams.

To date, the Beverly Education Foundation has subsidized over 1,500 low-income Beverly High School students with their laptops, awarded 23 graduating seniors Book Awards; and has distributed over \$365,000 to the Beverly Public Schools. This year, we awarded \$12,485.00 in 16 Teacher/Parent Grants to all schools; donated an additional \$15,000 to support the 1:1 Learning Initiative at Beverly High School; supported Science Fairs and Math Nights in all elementary schools; and honored over 250 teachers in our Annual Honor a Teacher Campaign.

Please make an impact on Beverly students by visiting www.bevedfoundation.org and click on Donate or return your tax deductible donation with the enclosed slip to PO Box 407, Beverly, MA 01915. Thank you for supporting our mission to advance educational excellence, to enrich curriculum, to launch creative learning initiatives, and to support professional development for faculty.

Sincerely,

Douglas B. Walker
President

Anna T. Green
Vice President
