December 20, 2020

Dear Friend,

As the Beverly Education Foundation embarks on its 23rd year of enhancing and enriching public education, we want to acknowledge how grateful we are for your support which directly impacts the education of the 4,600 public school students here and is a contributing factor to the vibrancy and growth of Beverly.

The pandemic has changed the way we teach and learn, how we engage with students, and how we mentor and provide extracurricular activities and opportunities for them. What has not changed is the Beverly Education Foundation's commitment to promoting inclusive excellence and equal access to educational opportunity bridging the digital divide.

Our goals are also to teach children resilience in crisis while learning new skills under pressure. The Foundation has funded numerous Teacher/Parent Grant projects this year supporting student and teacher social emotional learning and development. To date, the Beverly Education Foundation has distributed over \$384,000.00 to all schools, at all levels of learning.

The number one project the Beverly Education Foundation will continue to support is subsidizing low-income Beverly High School students with their laptops so access to instruction is available for all. This year, with the financial impact the pandemic has on jobs and the economy, the needs of the 1 to 1 Laptop Initiative subsidies will likely dramatically increase. Your support will have a direct and immediate impact on these students.

Please make your tax-deductible donation to the Beverly Education Foundation. Now more than ever, we need your help to continue our dedicated support of an exceptional school system. You are essential to our mission to advance educational excellence, to enrich curriculum, to launch creative learning initiatives, and to support professional development for faculty and staff. Thank you for your support and we wish you continued good health and safety.

Sincerely,

Douglas B. Walker
President

Anna T. Green
Vice President
